<b>Master of Business Administration with concentrations in:</b>	<b>Overall Graduation Rate</b>	<b>75%</b>
Accounting	Graduation Rate	N/A*
Health Care Management	Graduation Rate	86%
Management	Graduation Rate	60%

**Indicators Used**

INDICATOR	DESCRIPTION AND HOW IT WAS CALCULATED
<b>Four year graduation rate</b>	<p>The MBA program is a part-time program that was designed to have a flexible start and completion schedule. It is not based on a cohort. Students can start the program at 6 different dates throughout the full calendar year, which includes the Fall, Spring and Summer. In addition, the design and scheduling of courses permits students considerable control as to when they complete all requirements. The four-year graduation rate was calculated as a percentage of those students who started taking classes in the 2016-2017 academic year and who completed the program within a 4-year time frame, which in this case is August 31, 2019.</p> <p>* = No new accounting students in 2016 – 2017 academic year</p>
